

Associated Technical College – San Diego: Self-Monitoring Policy (5, CCR §71760)

Associated Technical College – San Diego makes every effort to comply with the current policies and procedures enacted and required by the California Bureau for Private Postsecondary Education (BPPE).

Associated Technical College – San Diego informs students, staff, and faculty, of these policies and procedures.

The School Director regularly reviews pertinent BPPE laws and regulations that affect the operations of the school. These include the California Private Postsecondary Education Act of 2009, SB Bill 1192, Student Tuition Recovery Fund, Title 5, Division 7.5 California Code of Regulations, and Disciplinary Guidelines. Copies of these documents are maintained in the Director's office.

At least once per year, the School Director meets with Corporate staff members and program directors to review current BPPE policies and procedures and to highlight any changes. If regulatory changes necessitate adjustment to School operational procedures or documentation, these will be implemented and, if applicable, published in a revised version of the School Catalog.

In instances where BPPE policies and procedures changes must be implemented before the publication of a new catalog, the School will inform staff, students, and faculty, by posting in classrooms and breakrooms, and through verbal announcement during class.
